EnviroDEFENSE® Microbial Odor Eliminator is a liquid bacterial concentrate which combines unique EnviorDEFENSE® beneficial bacteria and enzymes to offer a proven, innovative and effective long-term approach to odor control.

EnviroDEFENSE® Microbial Odor Eliminator uses odor control technologies plus beneficial bacteria and enzymes, which gives a three-pronged attack on odor problems:

- Great on eliminating pet and smoke odors.
- The EnviroDEFENSE® Microbial Odor Eliminator counteractant binds to any existing odor molecules.
- The beneficial bacteria degrades organic matter so the formation of malodorous compounds cannot occur, and the odor is prevented at the source.

**MARKET APPLICATIONS:**

- Pet Odor
- Smoke Odor
- General Odor Removal

**FEATURES**

- Focus on complete and rapid odor elimination
- Degrades a broad spectrum of substrates
- Removes odors at source
- Proven to work against a wide range of odors
- Reduced environmental impact

**USAGE**

This product is designed to be used on a variety of types of odors and can be easily diluted for varied uses.

EnviroDEFENSE® Microbial Odor Eliminator is available in ready to use and in 10X concentrations.

**PACKAGE SIZE**

- **Item Number:** ED 0605
  - Hand Sprayer
  - 2.5 gallon
  - 55 gallon drum
  - 275 gallon tote

**STORAGE**

EnviroDEFENSE® Microbial Odor Eliminator should not be stored in direct sunlight or in temperatures in excess of 120°F. Avoid storage in areas with strong oxidizers or poor ventilation. Please refer to the Safety Data Sheet (SDS) for proper handling procedures.

**SHELF LIFE**

The EnviroDEFENSE® Microbial Odor Eliminator is stable for a minimum of 24 months.

**SAFETY & HANDLING**

Product is safe for users and the environment. For detailed handling information, please refer to the appropriate Safety Data Sheet.

**TECHNICAL SERVICE**

The technical service team at BCMbio can provide custom solutions and recommendations.
